§ 61.10 Capital grants—general.

(a) VA provides capital grants to public or nonprofit private entities so they can assist homeless veterans by helping to ensure the availability of supportive housing and service centers to furnish outreach, rehabilitative services, vocational counseling and training, and transitional housing. Specifically, VA provides capital grants for up to 65 percent of the cost to:

(1) Construct structures and purchase the underlying land to establish new supportive housing facilities or service centers, or to expand existing supportive housing facilities or service centers;

(2) Acquire structures to establish new supportive housing facilities or service centers, or to expand existing supportive housing facilities or service centers;

(3) Renovate existing structures to establish new supportive housing facilities or service centers, or to expand existing supportive housing facilities or service centers; and

(4) Procure vans (purchase price, sales taxes, and title and licensing fees) to provide transportation or outreach for the purpose of providing supportive services.

(b) Capital grants may not be used for acquiring buildings located on VA-owned property. However, capital grants may be awarded for construction, expansion, or renovation of buildings located on VA-owned property.

§ 61.11 Applications for capital grants.

(a) To apply for a capital grant, an applicant must obtain from VA a capital grant application package and submit to VA the information called for in the application package within the time period established in the Notice of

Fund Availability under § 61.60 of this part.

(b) The capital grant application package includes exhibits to be prepared and submitted as part of the application process, including:

(1) Justification for the capital grant;

(2) Site description, site design, and site cost estimates;

(3) Documentation on eligibility to receive a capital grant under this part;

(4) Documentation on matching funds committed to the project;

(5) Documentation on operating budget and cost sharing;

(6) Documentation on supportive services committed to the project;

(7) Documentation on site control and appropriate zoning, and on the boundaries of the area or community proposed to be served;

(8) If capital grant funds are proposed to be used for acquisition or rehabilitation, documentation demonstrating that the costs associated with acquisition or rehabilitation are less than the costs associated with new construction;

(9) If grant funds are proposed to be used for new construction, documentation demonstrating that the costs associated with new construction are less than the costs associated with rehabilitation of an existing building, that there is a lack of available appropriate units that could be rehabilitated at a cost less than new construction, and that new construction is less costly than acquisition of an existing building, (for purposes of this cost comparison, costs associated with rehabilitation or new construction may include the cost of real property acquisition);

(10) If the proposed construction includes demolition, a demolition plan, including the extent and cost of existing site features to be removed, stored, or relocated and information establishing that the proposed construction is in the same location as the building to be demolished or that the demolition is inextricably linked to the design of the construction project (the cost of demolition of a building cannot be included in the cost of construction unless the proposed construction is in the same location as the building to be demolished or unless the demolition is
